HOW IT WORKS

CXC acts as your 'limited liability company' and as such allows you to work as a contractor without having to set up or run your own structure.

Your timesheet is submitted to CXC at the end of each pay cycle and from there we manage your billing to agencies or end client, PAYE tax, ACC payments, take care of GST and make any other necessary deductions such as student loans or Kiwisaver. All as tax-efficiently as possible.

To put it simply, we want to give you more time to do other things - whether that's earning more money, or taking time out to enjoy it.
